 Vocabulary

<u>Word</u>	<u>Part of Speech</u>	<u>Definition</u>
Share Croppers	Noun	a tenant farmer especially in the southern United States who is provided with credit for seed, tools, living quarters, and food, who works the land, and who receives an agreed share of the value of the crop minus charges
New Deal	Noun	the legislative and administrative program of President F. D. Roosevelt designed to promote economic recovery and social reform during the 1930s
Policies	Noun	a program of actions adopted by a person, group, or government, or the set of principles on which they are based
Chairman	Noun	Somebody who is the head of a group or committee
United Nations	Noun	an organization of nations that was formed in 1945 to promote peace, security, and international cooperation
Cold War	Noun	the tense but nonviolent relations between the former Soviet Union and the United States, and their respective allies, from around 1946 to 1989
Bipartisan	Adjective	Two political parties working together. A bipartisan advisor offers advice to people not in their political party without any bias.
Political Machine	Noun	a political organization in which an authoritative boss or small group commands the support of a corps of supporters and businesses (usually campaign workers), who receive rewards for their efforts. The power of the machine is based on the ability of the workers to get out the vote for their candidates on election day.
